

Time to play Block Builder with Generation Q!

Block Builder is a design game, where we give you a starter sketch, and you add more lines, shapes and some color to create an original design for a quilt block. The only rule? *Your finished design must include the original lines.*

Here's the starter sketch you'll see in our Spring 2013 issue:

Share your finished, unpublished block sketch with us (jpg format, 300 dpi) and you might win a prize! If we print your sketch in our Spring 2013 issue, you'll win something wonderful from the GenQ stash closet. Entries due to scott@generationqmagazine.com by March 31, 2013. Don't forget your name and full contact info, plus the name of your design.

(Note: Entrants retain all rights to their designs.)
